Dear Mr McHendry

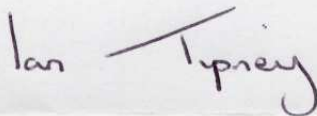

Thank you for your recent communication with regard to your concerns for Gillian McCarthy.

As I am sure you are aware, arrangements for Gillian's move to a new location into a specifically adapted mobile home are the responsibility of South Somerset District Council.

Somerset Primary Care Trust will continue to provide Gillian with access to primary and community care services and emergency support services as required. The Primary Care Trust also undertakes to fund filtered water supplies and other support on a continuing basis.

As I am sure you will appreciate, I am unable to share with you any specific details of Gillian's health care needs in accordance with regulations relating to patient confidentiality.

Yours sincerely

IAN TIPNEY  
CHIEF EXECUTIVE
