

Carol Keppler's TeleSeminars

...an educational TeleSeries hosted by Carol Keppler

Steve Tvedten
thebestcontrol.com
steve@getipm.com

Steve Tvedten is president of PEST (Prevent Environmental Suicide Today), an environmental group, has written several books and has been consulted as an expert by attorneys at trial!!

Steve wants you to hear all the facts about environmental pollution. But more importantly, he has discovered safe alternatives, which consist of non-toxic solutions that he will be sharing with us. *This is a show you don't want to miss!*

Mr. Tvedten is the author of *The Bug Stops Here*, *The Best Control* and *The Best Control II* and has developed (self-help) Professionally Guided Pest Control programs to safely and permanently control and/or eliminate pests: roaches, fleas, all wood destroying organisms (decay fungi and insects), rodent and miscellaneous pests.

"Environmental Pollution: The Unseen Killer"

A three-module TeleSeminar series

Part 2:

"Kill the Bugs, Kill the Weeds— Prescription for Disaster" **with Steve Tvedten**

**Wednesday, March 21st / 90 minutes by phone
5:30 pm PT (5:30 pm AZ) 8:30 pm ET**

For a \$129 *tax deductible donation* to EMF you'll receive three LIVE events by phone plus CDs and transcripts of *all three shows* in a beautiful binder
and other gifts (valued at \$210)

Your donation to *Energy Medicine Foundation* is supporting the research of the *efficacy* of energy medicine and energy devices for more no-harm products available as alternatives to drugs and surgery!
